

GANZ BOATS

GB25 PRICE LIST

GANZBOATS' STANDARD SPECIFICATION REFLECTS AN UNCOMPROMISING COMMITMENT TO DESIGN, COMFORT AND QUALITY.

High-strength, infusion-built sandwich structures, seawater-resistant stainless fittings, a real glass windscreen and an electrically opening aft bathing platform form the technical and aesthetic foundation. A dual- battery system, an intelligent user interface with integrated safety and assistance features, plus functional and ambient lighting deliver a calm, confident ride. Smart stowage, ergonomic details and finely engineered bespoke solutions complete an atmosphere of effortless exclusivity – Swiss boutique marine design at its purest.

THE GANZ GB25 PREMIUM STANDARD SPECIFICATION

The GANZ GB25 comes as a fully specified premium boat as standard – with digital instrumentation, an electro-hydraulic bathing platform and integrated comfort and design features.
